

WINTERIZATIONS 2018

It's that time of year again!! Are you done with your boat for the season? Fill out the enclosed winterization form and mail in now!

****Please make sure we have your keys.** If we do not have them – when will you bring them to us?

****Please fill out the date** for service to be completed for our mechanic as well as the date you last plan to use your boat in the event we can get to it earlier due to inclement weather. Please mark other services such as outdrive services, bottom clean, interior clean etc.?

****Your account must be current** in order for us to winterize your boat. Please discuss with the office so we can get your account up to date!

****You must give a current credit card number** with the expiration date and the zip code associated with your card. The card information will be placed in your file for safety reasons. After your bill is paid, your credit card information will be shredded by the office.

****It's been several years since Rollingview Marina has increased their rates for slip rentals and dry dock.** Therefore, as of January 1st our lease rates will increase slightly. You will receive a new lease prior to your renewal. Please inform us if you do not renew your lease.

Thank you for your assistance in helping us to be more efficient in the services we offer to you!

Rollingview Marina and Master Tech Marine

Rollingview Marina Winterization 2018

In order for Rollingview to perform the services, please circle the type of motor you would like to have winterized or check what you would like to have done individually for your motor type. Rollingview will not be responsible for doing any work until the form is filled out and signed.

****All accounts must be in good standing before work is started****

We have lowered our prices from last year.

- Rollingview Marina will not store batteries on site. Batteries should be taken home and stored to prevent freezing.
- Rollingview Marina will not be responsible for any craft that is not properly winterized.
- Rollingview Marina will not be responsible for torn covers, covers filled with water, snow, ice, pine needles, leaves, etc. It is strongly suggested that you visit your craft over the winter at least twice a month.
- All boats left in the water over the winter must have an automatic bilge pump and boats MUST be visited at least twice a month by owners. Batteries go dead over a month's time without use or charging. If batteries need a charge, there will be a \$20.00 fee that must be paid at the time of service. Dead batteries are subject to freezing and will not charge in the spring.
- Crafts that will not be getting winterized and relies on other forms to protect their boat must know that light bulbs are no longer allowed to be used; a marine heater may be purchased to protect the craft. Any boats found to have light bulbs being used will be disconnected. Rollingview Marina will not be responsible for damage on the craft due to non-compliant heating methods.

Fill out the information on the **back side** of this sheet and send back to Rollingview Marina, 3940 Falls Lake Road, Durham, NC 27703 or Fax back at 919-596-2195.
